## WORK EXPERIENCE

### Full-Stack Web Developer
### Cyclus Corporations

*06/2022 - Present*                          *Remote in Tirana*
*Software Development and Design Company*
*Achievements/Tasks*

- Worked in the development of Full-Stack projects for several companies such as Jody.al and InfoSoft Albania.
- Operated in a team of 5, testing software and improving the code for better results in less computing power.
- Maintained the company's Azure resources as a Cloud Architect.

*Contact : Endri Lika - Co Founder  - +355696683334*

### Freelancer Web Developer
### Freelancer.com

*06/2021 - 09/2021*                                      *Remote*
*Freelancing Marketplace*
*Achievements/Tasks*

- Working with different clients in completing their tasks.
- Wrote clean and reusable code; developing a flexible and user-friendly UI, delivering a great User Experience.
- Used cloud-based databases to develop full-stack applications.
- Completed tasks involving state management in Redux and platforms such as GraphQL. Integrated MongoDB instances and operated in the backend with NodeJS.

### Helpdesk and Customer Service
### Booking.com - Assist Digital

*07/2023 - 10/2023*                            *Tirana, Albania*
*Achievements/Tasks*

- Help with customer service
- Identify and correct quality problems in agent discussions
- Identifying data breaches and working in avoiding future scenarios
- Dealing with networking between multiple hosts in the company's intranet. Configuring the routers to connect different intra networks and creating vlans according to the need.
- DHCP troubleshooting, host OS troubleshooting.
